# Salsa 200 Standing Lifter

*Product Code: 27700*

Designed as an active standing aid allowing a single carer to raise a patient into a comfortable secure standing position.

Designed as an active standing aid allowing a single carer to raise a patient into a comfortable secure standing position. The Salsa 200 is ideal for transferring from bed to chair, or chair to commode. Allegro Concepts standing slingsare manufactured to suit the Salsa, allowing superior access for dressing and personal hygiene.

With a small footprint and low overall weight, the Salsa 200 is highly maneuverable. A high capacity safe working load of 200kg means the Salsa is equally at home in an institutional or home environment.

Designed and tested to comply with:
AS ISO 10535-2002 Hoists for the transfer of disabled persons – Requirements and test methods.
