

# Optimal 5zon Pressure Care Medical Mattress

Product Code: 37C5Z

The 5zon is a flexible mattress replacement system for pressure injuries prevention using our patented DuoCore® and a two-part foam core.

The Optimal 5zon® Mattress is intended for all healthcare environments as an aid in the prevention and treatment of pressure injuries up to and including category 2. It is a flexible mattress replacement that is placed directly on the bed and replaces the standard mattress and mattress pad.

Optimal 5zon® has good pressure redistribution properties and is also equipped with our patented DuoCore® sit function. The sit function has been designed to provide support when seated, while also offering good comfort in lying position.

Care of Sweden's mattresses are supplied with a four way stretch hygienic outer cover which conforms to relevant standards for hygiene, quality and safety. All covers are manufactured from modern, recyclable materials and are vapour permeable, which contributes to reduce the risk of skin maceration.
