Engineered with a triple-layered foam core, the Staebel Zonecare 300 Bariatric Medical Mattress delivers a combination of pressure redistribution, postural support, and durability. A visco-grade upper for immersion, a mid-core for comfort and support, and a firm base to prevent bottoming out during transfers and repositioning.

The Staebel Zonecare 300 Bariatric Medical Mattress has an anti-microbial treatment applied to the foam, enhancing hygiene and core longevity, while strengthened sides increase structural integrity. The mattress is encased in a durable, vapour-permeable multiway stretch cover, reducing shear forces and maintaining skin integrity. Fire retardant and compliant with key safety standards, the Staebel Zonecare 300 Mattress is a reliable choice for bariatric care in demanding clinical environments.

Product Features:

VISCO-GRADE, UPPER IMMERSION LAYER :

- Alleviates localised pressure
- Provides maximum contact with the patient for the distribution of interface pressure
- Visco-elastic cell structure provides a low-shear surface and immersion
TRIPLE LAYERED CORE:

- Premium Grade Mid Level, provides open-cell high quality foam
- Provides exceptional comfort and postural support for repositioning and patient care
- Foam conforms to AS/NZS 4088.1 (Int):1993 and FMVSS302 & SAE T2002
- Anti-microbial treatment for maximum longevity

FIRM BASE LAYER:

- Protects against 'bottoming-out' during transfer, repositioning and whilst in the inclined/ fowler position
- Provides exceptional comfort, support for repositioning and patient care
- Premium quality, high-performance foam

Cover Features:

- • Multiway stretch for shear protection
- • Vapour permeable and breathable
- • Flexible and gentle to the skin
- • Fire retardant, meets BS 6807 ignition source 5 and BS 7175 ignition source 5 standards
